

Dear Board members,

Having seen today's presentation in cafeteria - "Separation facts from fiction." We, employees of Meadowlands Hospital, initiated an action in order to support Board and management of MHMC. We expressed our opinion and signed the attached petition.

We, the employees of the Meadowlands Hospital mMedical Center are upset and frustrated with HPAE triggered activities which caused so much negative publicity. This not only hurts us, it threatens the survival of Meadowlands Hospital, and our jobs. We never had a real chance of work as a team , doctors, techs, environmental, administrative personnel, nursing aids, food service staff, pharmacists to work hard to improve the safety and comfort of our patients, their care, the cleanliness of the hospital, We all worked so hard together. If the hospital closes, we all stand to lose our jobs in a market where finding a job is not easy. Give us an opportunity to continue what we started less than two years ago. By my signature below , I am requesting that any activity which negatively impacts Meadowlands Hospital Center stop. It is only fair to us , the employees of Meadowlands.

A large rectangular area with horizontal lines, likely a signature line or a redacted section. The lines are evenly spaced and cover the entire width of the box. There is some faint, illegible handwriting on the left side of the box, possibly a signature or name.
